

Manage Dealership Data With Ease

Secure, Scalable and Streamlined
Data Your Way

CDK is now offering enhanced and secure Data Export and Import stand-alone tools as a free software license to CDK dealers.

The Data Export Tool is ideal for dealers that need to extract and securely exchange significant volumes of data across numerous CDK dealerships. With our Data Export/Import Tool, dealers can now have workflow-driven connectivity to import and export data directly into their CDK Drive DMS.

Supporting Dealer Choice Through Robust Data Management

Data Export Tool

- 1 Large comprehensive data sets, including Service, Sales, Parts and Accounting can be extracted to an SFTP folder
- 2 Extract data across all your CDK dealerships and streamline your processes
- 3 Securely share dealership data with chosen partners through PGP encryption and improved MFA Security
- 4 Conveniently schedule daily exports of predefined data sets

Data Export/Import Tool

- 5 Legacy API Integrations provide on-demand extract or writeback data capabilities
- 6 Seamless integrations of API packages support dealership operations across vehicle, Sales, Service, Parts, customer and Accounting data
- 7 Securely share dealership data with chosen partners through OAuth Authentication and a Secure Dealer Private Network
- 8 Build the data-driven solutions that work best for your business
